GENERAL SESSIONS AND PROFESSIONAL DEVELOPMENT WORKSHOPS DESCRIPTIONS

Advanced Grievance Handling and Arbitration

Assessing the strengths and weaknesses of grievances is important in determining whether or not a case is appropriate to go to arbitration. Bargaining Part-Time Faculty Issues

Do you represent part-time faculty? Does your contract protect and reflect the interests of part-time faculty? Part-time faculty are an important part of your membership. AB 1690 (Medina) and SB 1379 (Mendoza) provided opportunities for local associations to bargain reemployment preference for part-time faculty. But in addition to reemployment rights, your contract should address other PT issues such as STRS Retirement Credit, access and pay for Professional Development and Flex activities, health benefits, paid office hours and access to office space, class cancellation fees, and priority consideration for full-time positions. We'll discuss strategies for bargaining these PT interests and more—including comparable salary schedules and parity. This session will address specifics of new laws, applicability to your local, and strategies for bargaining part-time faculty rights, evaluation and salary. We will also discuss potential issues that may arise with full-time faculty and how to avoid conflicting interests.

Who will benefit? How will it impact existing Community College and Online Education Initiative programs? If you want to know more, attend this session!

GENERAL SESSIONS AND PROFESSIONAL DEVELOPMENT WORKSHOPS DESCRIPTIONS

Overview of the Funding Formula for California Community Colleges

A significant change is on the horizon affecting how Community College Districts will be allocated funding. Over the next few years, a new formula is to be phased in that will include, among other things: (1) rates for base allocations, (2) supplemental allocations based on students receiving financial assistance, and (3) allocations based upon student “success”. A “hold harmless” provision will ensure minimum levels of funding during the phase-in period. How will local associations calculate the annual budget revenue their districts will be receiving under this new formula? When will it take effect? Legislation creates a Community College Student Success Funding Formula Oversight Committee for evaluating and reviewing implementation of the formula. Additionally, the Board of Governors is to consult with statewide staff and faculty organizations to shape the Community Colleges’ annual budget request. Who will be in these groupings? Have some ideas? Want to find out more? Attend this session!

UPCOMING CCA CONFERENCES

CCA is pleased to offer three distinct and timely statewide conferences each year.

SPRING CONFERENCE

The Spring Conference is held in April and highlights advocacy. While we wish that politics did not play a role in education, we know that having effective advocacy in Sacramento, a well-informed membership, and local Boards of Trustees who support our faculty and students are critical to our success. At this conference, we also highlight our "We Honor Ours" (WHO) Awards winners. This is a special program which honors our own local and state union leaders.

2019 Spring Conference

April 26-28, 2019

Hilton – Irvine/Orange County Airport

FALL CONFERENCE

The Fall Conference is always held in early October and highlights membership accomplishments and various aspects of keeping our members engaged in the union. We also honor our Legislator of the Year at this conference.

2019 Fall Conference

October 11-13, 2019

Hilton – San Jose

WINTER CONFERENCE

The Winter Conference is held in mid-February and focuses on collective bargaining. Since there is no Council meeting at the Winter Conference, it is an ideal time for bargaining teams and members to attend a conference dedicated to enhancing bargaining skills and coordinating bargaining strategies with other local associations throughout the state.

CONFERENCE EVALUATIONS

Please help us plan our future conferences by completing the evaluations provided. These evaluations take no more than a few minutes to complete, and the data we receive is very valuable to CCA in helping to improve our conferences. We appreciate your assistance in providing this important feedback.

- **Professional Development Workshop Sessions I, II, and III Evaluations.** Please complete these for each professional development workshop attended and return them to facilitators following the workshop session.
- **General Conference Evaluation.** During the Sunday CCA Council Session you will receive an email with a link to an online General Conference Evaluation. This evaluation will allow you to give general feedback regarding the conference. The evaluation should take no more than a few minutes to complete. Your responses will assist us in making improvements to our program. Upon completion of the evaluation you will be entered into a drawing for a chance to win one of **two (2) Kindle Fire tablets!**

PLEASE NOTE: You will only receive the link to the online evaluation if your non-campus email was used during the conference registration process.

We would like to give special recognition and thanks to the conference support staff for their work in helping to produce the 2019 CCA Winter Conference:

Karen Boll, Mary Ann Lapuz-Gacutan, and Bonita Lovell
